

# SEMI-BESPOKE BOXES

The problem with getting your own boxes made is that origination costs can be prohibitively high and you have to buy a very large quantity of them!

To get around this, we offer a service which allows you to get a semi-bespoke box in small quantities with no tooling or set-up costs. We can do this by making your boxes at the same time as we make our standard range.

**PLEASE NOTE:** Lead times are approximately 4-6 weeks.

## STEP 1

### THE BOX

Select one of our standard sizes of rectangular (6, 12, 18 or 24 choc) or square (9, 16 or 25 choc) from our rigid box collection of bases with solid board lids or clear PET lids (pages 146-157).

Clear PET lid option

Solid lid option

## STEP 2

### THE COVERING PAPER

Select either:

**Option A:** Any 135gsm paper (plain or textured) from the GF Smith Colorplan ranges at [www.colorplanpapers.com](http://www.colorplanpapers.com). Alternatively, if there is a specific paper you would like to use just let us know and, as long as there are no technical issues, there should be no problem!

OR

**Option B:** Supply artwork for your own special design or even just a particular colour. Alternatively, tell us what you want and we'll get it designed for you! If you select option B, then the printing of the paper will be treated as a separate item with a separate cost so that the paper can be made available for use across many box sizes and also stored for repeat orders.

Colorplan plain paper

Special design printed paper

Please also specify if you want the interior of the box to be black or white lined.

## STEP 3

### MINIMUM ORDER / PRICE

#### Minimum order

The minimum order is just 200 boxes per size and per covering paper, bulk packed.

#### Lead Time

Delivery will be around 4-6 weeks for smaller quantities (200-750 runs). Larger orders can be quoted on request.

#### Price

The table opposite gives prices per box for each of the different boxes available in Colorplan plain and embossed papers. Please note that these prices are subject to confirmation at the time of placing your order. If you select another paper, or if you choose to print your own design, then we will quote accordingly. Colorplan papers can be foil-blocked and this will be charged separately if required.

#### All prices per box

Solid card base & lid	Colorplan	Colorplan Embossed
Rectangular 6 choc (125g)	£1.39	£1.41
Rectangular 12 choc (250g)	£1.65	£1.69
